

Additional Charges & Standard Rate Schedules

The Additional Charges set out will be added as applicable to the Service Rates charged. The application of the Additional Charges must be read in conjunction with the StarTrack Terms and Conditions and other documents comprised in your Services Agreement.

Standard rates will apply when sending to or from locations that have not been quoted in the Pricing Schedule of a Services Agreement.

On-forwarding charges may apply in some remote areas if the requested delivery location is outside the area serviced by our delivery network. In such cases, additional charges will be dependent on the specific delivery requirements.

On-forwarding charges for Next Flight consignments will be quoted at the time of booking.

Pricing Schedule - Additional Charges (GST Exclusive)

Fuel	Variable (Set out at auspost.com.au/pricing-updates)

Credit Claims Administrative Fee	Credit claims submitted beyond 120 days may incur an administrative fee, to be agreed upfront.			

Issued on 1 October 2026. Effective on and from 1 October 2026.

Additional Charges – Description

The Additional Charges set out in the table on the previous page will be added as applicable to the Service Rates charged by Star Track Express Pty Ltd ("StarTrack") for the provision of Services by StarTrack.

The application of the Additional Charges must be read in conjunction with the StarTrack Terms and Conditions and other documents comprised in your Services Agreement. The Additional Charges are further described below. Other capitalised terms used in this document have the meaning set out in the Star Track Terms and Conditions.

1. Service Rates and Additional Charges

- The Service Rates will be invoiced and paid in the manner set out in the Business Credit Account Terms and Conditions.
- All applicable Additional Charges will be added to the Service Rates invoiced to you and are payable in the same manner.
- The Service Rates and Additional Charges may be reviewed and adjusted by StarTrack in the manner set out in the StarTrack Terms and Conditions, and (other than when Force Majeure Fee applies) you will be given at least 30 days' notice of the amount of the adjustment and the date on which the adjustment will take effect.

2. Fuel Surcharge

A variable fuel surcharge will be levied on delivery charges. This surcharge is varied on a monthly basis and set out on our website: auspost.com.au/pricing-updates and in your invoices.

3. Security Management Charge

The Security Management Charge will be applied to all Premium, Next Flight and International services.

4. Manual Handling Surcharge

- The Manual Handling Surcharge will apply to any Goods that we assess as requiring manual handling. Goods to which the surcharge applies will include, but is not limited to:

Road Express Services

- Goods that exceed any of the following dimensions:
 - length of 117cm
 - width of 60cm
 - height of 60cm, or
 - 20kg in dead weight.
- Anything packed in a drum, tube, cylinder or wooden crate, flat packs (with any dimension less than 5cm), or Goods containing liquids, nails, magnets, or glass.
- Goods packed in satchels or other non-rigid packaging.

Premium Services

- Items that exceed any of the following dimensions:
 - length of 105cm
 - width of 60cm, or
 - 22kg in dead weight.
 - Flat packs (with any dimension less than 5cm), Goods containing liquids or glass, cylindrical tubes, and items likely to roll off conveyor belts.
- Freight consigned to us on pallets or skids (and for delivery on pallets or skids) will not attract the Manual Handling Surcharge. Where pallets or skids contain incompatible items and we are required to deliver those items individually, the surcharge will apply to each incompatible item on the pallet or skid.
 - Weights and dimensions will be based on those declared by you unless we measure and assess otherwise.
 - The Manual Handling Surcharge doesn't apply to items where the Oversize Charge is applied.

5. Oversize Charge

- The Oversize Charge will apply to any Goods that exceed the specified weight or dimension set out in the table on the previous page. It applies to all Services excluding Courier Services.
- Applicable Oversize Charges aren't cumulative for an individual item. Where two or more charges may apply, only the greater amount will be charged.
- Weights and dimensions will be based on those declared by you unless we measure and assess otherwise.
- The Oversize Charge will be applied to items instead of the Manual Handling Surcharge for items falling within the oversize ranges listed.

6. Unmanifested Fee

The Unmanifested Fee will be automatically applied per Item if, at the time of pick-up, a digital Manifest giving details of the Goods we have collected has not been received.

7. Manual Consignment Notes

The Manual Consignment Note (CN) charge will be applied per consignment to all Goods which are consigned with a manual CN or with no CN.

8. Manifest Correction Fee

The Manifest Correction Fee will be charged per consignment where you have incorrectly declared information in your CN/Manifest, that needs to be corrected by us (including but not limited to incorrectly declared weight, dimensions, destination and/or origin address, or product or service code).

9. Peak Fee

The Peak Fee is an additional percentage fee applied to Service Rates for Goods lodged during the period between 1 November and 31 January (inclusive) each year and such other periods of high demand across some or all of our or Australia Post's network as may be specified from time to time ("Peak Times"). Details of Peak Fee (including Peak Times) are published at auspost.com.au/peak-fee, as updated from time to time with written notice.

10. Force Majeure Fee

The Force Majeure Fee is a additional charge or surcharge that may be applied by us as a consequence of a Force Majeure Event. Details of Force Majeure Fees are published at auspost.com.au/force-majeure-fee, as updated from time to time with 3 Business Days' written notice.

11. Futile Pick-Ups

The Futile Pick-up charge will be applied when a driver has attempted the pick-up of a consignment or consignments but is unable to perform the pick-up due to a change in the original pick-up requirement.

12. Futile Deliveries

If the consignment cannot be delivered or the receiver cannot or will not accept the consignment, the delivery is a 'Futile Delivery'. The consignment will be returned to a StarTrack depot and a Futile Delivery charge will be applied at your quoted local delivery rate. If no local delivery rate has been found for the specific depot, the largest local delivery rate will be used of any other depot. A basic plus per kg charge will apply if no local rates have been quoted. The Futile Delivery charge is set out in the table on the previous page. A cubic factor of 250 kilograms per cubic metre will also apply. Up to two further delivery attempts will be made to deliver the consignment.

13. Next Flight Cancellation or Downgrade

The Next Flight Cancellation or Downgrade charge will apply:

- in the case of a Next Flight booking cancellation, if the driver has already been despatched for pick-up at the time of the cancellation, and
- in the case of a Next Flight booking downgrade, if the request to downgrade to another service is made after the Goods have already been picked up, in addition to the freight charges for the new service, and
- in the case of an unsuccessful Next Flight pick-up or delivery, where you are contacted and you either cancel or reschedule the booking.

14. Futile Pick-ups or Futile Deliveries (NXF Only)

- the Futile Pick-up charge (NXF Only) will be applied when a driver has attempted the pick-up of a consignment(s) but is unable to perform the pick-up due to a change in the original pick-up requirement and as a result another pick-up attempt is required.
- The Futile Delivery charge (NXF Only) will be applied where the first delivery attempt is futile due to a change in the original delivery requirement, and as a result the consignment is returned to a StarTrack depot and another delivery attempt is required.
- The Futile Pick-up charge (NXF Only) and Futile Delivery charge (NXF Only) are variable charges that vary depending on individual factors including but not limited to, waiting time, location, freight profile, number of pick-up or delivery attempts, and whether the pick-up or delivery was attempted during business hours or after hours.

15. Overweight Fixed Price Premium (FPP) and Fixed Price Airlock (FPA) Consignments (not including Satchels)

Consignments will be charged at your quoted weight break, based on the applicable rate for the chargeable weight (i.e. the greater of the Cubic Weight and the Dead Weight). Where a chargeable weight exceeds the maximum weight break quoted, it will be charged at your maximum weight break, plus an additional charge per kg thereafter as specified in the table on the previous page.

16. Over-filled, Oversized, Overweight and Misdeclared Satchels Consigned on Fixed Price Premium or Fixed Price Airlock

- An FPP/FPA satchel must meet all of the satchel size/weight break requirements specified below to be eligible for the quoted rate. These requirements apply whether you use our supplied satchels or your own.

Satchel size/ weight break	Satchel size/Weight break Requirements		
	Maximum Dead Weight	Maximum Volume	Greatest linear dimension
S (small) / 1kg	1kg	0.009 m³	360 mm
M (medium) / 3kg	3kg	0.016 m³	445 mm
L (large) / 5kg	5kg	0.039 m³	605 mm

- Where you have declared a consignment as an FPP/FPA satchel and we determine that:
 - your consignment does not meet all of the satchel size/weight break requirements for the satchel size/weight break that you have selected, we will charge your consignment at the quoted rate for the next satchel size/weight break, if any, for which your consignment meets the satchel size/weight break requirements.

- (ii) your consignment has a dead weight, volume, or greatest linear dimension that exceeds the maximum specified above for the “Large” satchel size/weight break, we will charge you using the methodology for FPP/FPA Cartons (as per section 15 above). Satchels are measured at the points of their greatest width, height, and length for the purposes of determining Cubic Weight.
- (iii) your consignment is actually packed in a carton, we will charge you the rate applicable to the relevant FPP/FPA carton size/weight break (and apply any overweight charges).

17. Premium Article Re-deliveries or Returns

The Premium Article Re-delivery or Return charge will apply to futile deliveries of Premium articles, in addition to the Premium article rate.

18. Return to Australia Post Office or Business Hub

For Premium services, if the first delivery attempt is futile, the consignment will be left at the nearest Post Office for collection by the receiver. For Road Express consignments to residential addresses, if the location resides in an Australia Post Business Hub catchment area, futile deliveries may be returned to a Business Hub for collection by the receiver. An additional charge per consignment will apply for these services.

19. PO Box Deliveries

StarTrack provides customers with the option of sending Premium consignments to a PO Box address. The PO Box Delivery charge per consignment is set out in the Pricing Schedule. PO Box deliveries are not available for our Road Express Service.

20. StarTrack Packaging Charges

StarTrack Packaging Charges will apply for all items ordered via [StarTrack Shop](#). The final order total will be quoted on your invoice.

21. Controlled Returns and Transfer Movements

The CN printing fee for Controlled Returns and Transfer Movements will apply if the consignment notes (CNs) and other paperwork for a Controlled Return or transfer movement printed at the StarTrack pick-up depot and delivered to your customer (ie. the Sender).

22. Single Consignment Pick-Ups

- a) The Single Consignment Pick-up charge will apply to a single consignment that is despatched from the following locations:
 - Adelaide
 - Brisbane
 - Canberra
 - Darwin
 - Melbourne
 - Perth
 - Sydney
- b) The minimum charge is associated with the cost of pick-up and other high minimum service costs.
- c) Two or more consignments on any separate pick-up will not incur the Single Consignment Pick-up charge. Fixed Price Premium Satchels are exempt from the Single Consignment Minimum Charge.

23. Late Payment Administration Charges

StarTrack charges late payment administration charges for each overdue invoice plus a late payment fee for accounts based on their credit terms.

24. Dangerous Goods

Where we've agreed to deliver Dangerous Goods (as defined in the StarTrack Terms and Conditions), the Dangerous Goods charge will be applied, in addition to any other applicable Additional Charges including the Manual Handling Surcharge or Oversize Charge.

25. SmartFreight Fee (where applicable)

If applicable to your service, this is a fee we are charged by SmartFreight for their integration with our system. The charge is unique to customers who use SmartFreight.

26. Direct Debit Dishonour Fee

A direct debit dishonour fee applies if there are insufficient available funds in your bank account to make a scheduled payment. If payment is made by direct debit (as agreed under a Direct Debit Request Service Agreement), you must pay in full within 21 days of the tax invoice / adjustment note issue date.

27. Credit Claims Administrative Fee

The Credit Claims Administrative Fee is a fee that may be charged by us if you lodge a Credit Claim more than 120 days from the date of invoice and we would incur additional costs to process that credit claim as a result of the delay (for example, costs associated with retrieving archived images, GPS data and historical pricing/rates). If we propose to charge you a Credit Claims Administrative Fee, we will quote the amount of that fee to you and obtain your agreement prior to processing the credit claim.
